ILLUSTRATION

P01 tsukasawa

Serializes a story in a seinen manga magazine and participates in doujinshi sale events through the "Matsuri Gensou" circle

I got hooked on the *Monster Musume* anime and I though Suu was cute, so I drew her. Then I got an email from Tokuma Shoten asking me if I'd like to work on an official *Monster Musume* book. So I was excited to draw my beloved Suu-chan.

P02 akahito

Participates in doujinshi sale events though the "kemoyuru" circle.

Hello, my name is akahito. I thought for a long time about who I should draw, but in the end I decided to wield my pen to draw my two favorites. They seem like they went out of control, but I'm happy with how it turned out. (´ω`*

P03 loliconder

Sells seinen-oriented doujin CG collections through the "Condaya" circle

I just think Cerea is great with her dignified face, unwavering loyalty, and her tendency to sometimes let her mind stray in dangerous ways! I love you, Cerea!

P04 mog

Uploads lots of monster girl illustrations to Pixiv.

I'm honored to be able to work on a *Monster Musume* anthology. I've always admired mermaids ever since I was little, so I was very happy to come across a mermaid as cute as Mero. Thank you so much.

COMIC

P05 muroku

Mainly uploads illustrations to Pixiv and Twitter. Works on clip art for several tankoubon for his main work.

Hello, I'm muroku. My manga focused on Tio and Manako! Tio's cute! Cute because she's huge! Thanks for reading!

P11 SHIRAHA MATO

Serializes a story in a seinen manga magazine and participates in doujinshi sale events though the "Hagane no Tsurugi" circle. Representative work. Loveraune -*IDOL MONSTER GIRLS*- (Kill Time Communications).

I'm hoping for a second season of the anime!

P25 stealth kaigyou

Participates in doujinshi sale events though the "SlapStickStrike" circle

This is the second time I've worked on a Monster Musume anthology! Yay! I felt like my last comic wasn't sexy enough, so I upped the eroticism this time. I'd love to live in boob heaven like this!

❤ Afterword ❤

P29 setouchi

Participates in doujinshi sale events though the "setouchi pharmaceuticals" circle. Draws illustrations for doujin games among other things.

setouchi here. Thanks so much for calling on me again. I moved to the countryside a few years back and was amazed by their culture of setting up buildings alongside the highway, so I incorporated that into this manga along with my beloved monster girls.

P37 kasaijushi

Participates in posting to web comic sites and doujinshi sale events though the "Kasai Kougyou" circle.

I was influenced by Okayado-sensei's one-page Monster Musume manga and fell in love with monster girls, so I was surprised and delighted when I was invited to participate in this anthology. I was a little intimidated after hearing about the others involved in this production, but worked my hardest, so I hope you enjoy my comic.

P49 nakamura regura

Serializes a series in a seinen manga magazine and participates in doujinshi sale events through the "Nanpou Hitogakushiki" circle.

I prefer insect monster girls, so of course I'm a Rachnera man. I chose her to be the main character of my manga, but ultimately Kurusu-kun wound up with the most lines. That's the protagonist for you.

P57 rolf

Participates in doujinshi sales events through the circle "Kuroro."

It's strange for me to be working on the creative side of *Monster Musume* since I've been a fan of this title for a while now. It makes me so glad that monster girls exist.

P67 ikao

Participates in doujinshi sales events through the circle "30 Little Pet Bottles."

I especially love Papi-chan and Suu-chan!

P71 Tottori-saQ

Participates in doujinshi sale events though the "Kimyoudou" circle. Representative work. *Oukokuchou Sorasore* (Kadokawa Shoten)

I drew this while eating some inarizushi from a nearby sushi restaurant. I'd love to snuggle with Ils-san's tails!

P79 kanemaki thomas

Serializes a story in a seinen manga magazine and participates in doujinshi sale events through the "Niku Drill" circle.

I only realized after the fact that I forgot to draw Lala on the frontispiece. By the way, my favorite puzzles are cryptograms.

Afterword

P91 aruse yuushi

Participates in doujinshi sale events though the "Chapedizo 2" circle

I'm honored to be called back again for this! I was happy to draw Polt since she had such a minor role in the anime. I'd love to keep coming back to draw for *Monster Musume!*

P101 kurokawa otogi

Serializes a story in a seinen manga magazine and participates in doujinshi sale events through the "Otogi no Kuni no Soapland" circle

I like mermaids, so I'm happy to draw Mero, but because I'm always drawing giant boobs I was excited to draw Centorea. By the way, my first tankoubon is scheduled to be release in March! I'd love it if the 18+ crowd took a look at it.

P105 Tamon Hinoshika

His manga *Shinigami-san ga Toonmasu!* is serialized in Shunin ga Yuku! Special (Bunkasha). Participates in doujinshi sale events though the "Smith of Shadeers" circle.

It's a pleasure to meet you! I'm Hinoshka, sticking out like a sore thumb. I became interested in *Monster Musume* after seeing the anime, and then started reading the original manga. I'll never forget the impact those boobs had on me! If you enjoy my comic, I couldn't ask for anything that'd make me happier. It was fun to do the coloring! Thank you so much.

P109 221 (tsutsuichi)

Active in the "Kanbanizumo" circle through which 221 participates in live Niconico broadcasts and doujinshi sale events. Representative work: *Mako-san and Hashisuka-kun* (Micro Magazine)

I was very excited to dress up Manako-san.

P119 zank

Participates in doujinshi sale events through the "shirakabadori" circle.

Tionishia-chan!!! She's *HUUUUUUUUGE!* No need for explanations. She's 2m 27cm tall! Bust 160cm! So I decided to draw Tio-chan and Polt-chan since she didn't have a lot of screen time in the anime.

P125 u-temo

Participates in doujinshi sale events though the "Technostress" circle. Representative work *Mononokesou no Neet Domo* (Holp Shuppan).

I went a little overboard with the puns... Monster girls are all so cute, they're fun to draw no matter which one I choose!

P137 Nobuyoshi Zamurai

Serializes his representative work *"Tonkissa!"* (Bird Café!) in *Monthly Comic Ryu*. Participates in doujinshi sale events through the "Co-Op Samurai 203" circle.

Thank you for letting me draw Papi for the cover...Hooray! It seems like *Monster Musume* has just kept picking up steam ever since the pilot strips debuted online! I'm looking forward to seeing where it goes from here, Okayado-sensei!

READING DIRECTIONS

This book reads from ***right to left***, Japanese style. If this is your first time reading manga, you start reading from the top right panel on each page and take it from there. If you get lost, just follow the numbered diagram here. It may seem backwards at first, but you'll get the hang of it! Have fun!!
